Dedication

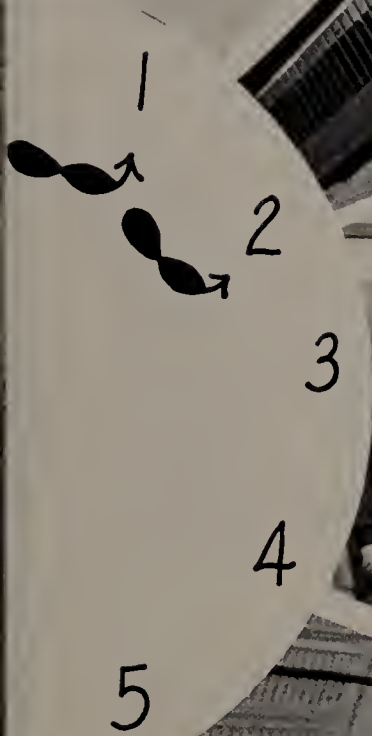

Mrs. Elinor Erickson is a teacher who communicates with her students. It's important to her to know how they feel about the class, the world of the present, and the literature of the past. The class of 1970 is showing its appreciation to a fine teacher and a warm person during this year, her first as the head of the English Department, by dedicating this yearbook to her. Our many thanks.

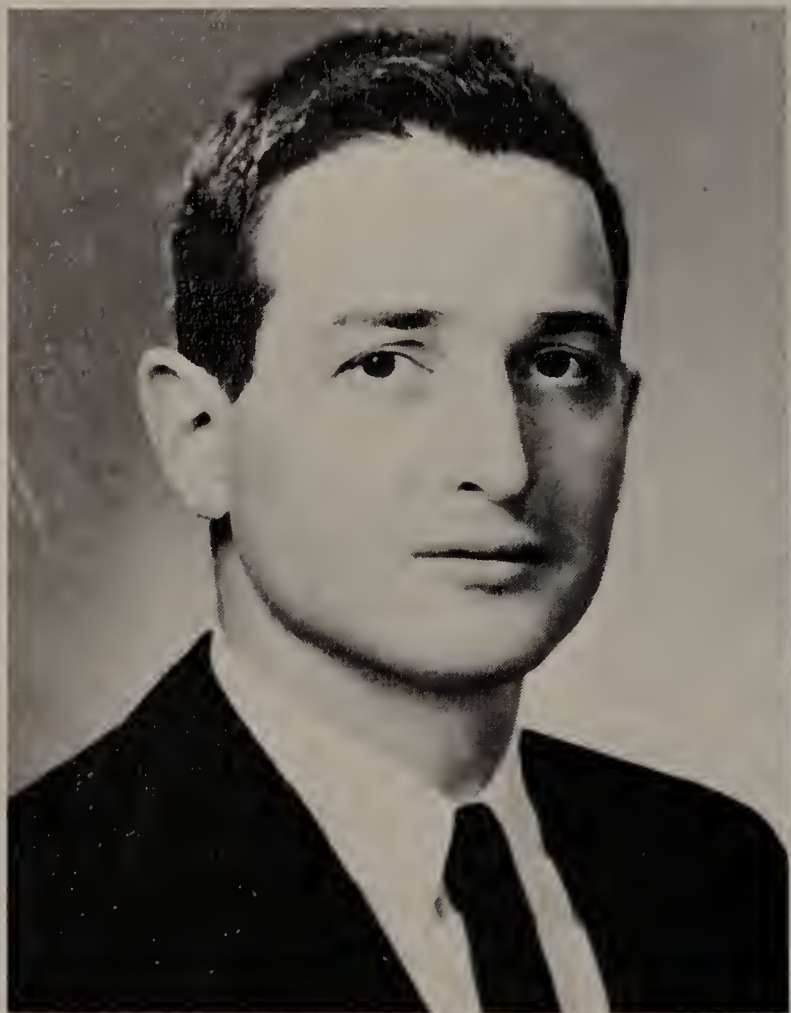

Edward P. Yaglou
Superintendent

Edward O'Connor
Associate Superintendent

To the Class of 1970

Cynics from the "over 30" generation have defined a liberal as "a radical with a wife and two kids." Many are currently asking whether the secondary and college students of 1969 will be more idealistic, more sensitive, more human ten years from now than their parents have been. I personally believe so; I personally believe that society in general is advancing, that man's humanity toward man is slowly improving.

Perhaps the current generation has come farther in terms of awareness or perhaps it has merely started from a more advanced point to begin with. At any rate, we earnestly hope that your awareness and concern will continue as you mature and as you show what positive actions you will take to improve our society. If we have helped prepare you to perceive and solve problems more effectively than preceding generations, then we feel some sense of success. We wish you well.

Edward P. Yaglou

Neal T. Skillings
Principal

To the Class of 1970

Be proud of Wachusett! You have attended one of the finest high schools in the eastern part of the United States. If you have taken advantage of your opportunities—superior teachers, superior student body, and superior facilities—you should have no hesitancy in facing the future. Whatever you do in the years to come, the best of luck and success.

A handwritten signature in dark ink, which appears to read "Neal T. Skillings". The signature is fluid and cursive, with a large, sweeping flourish at the end.

In Memoriam

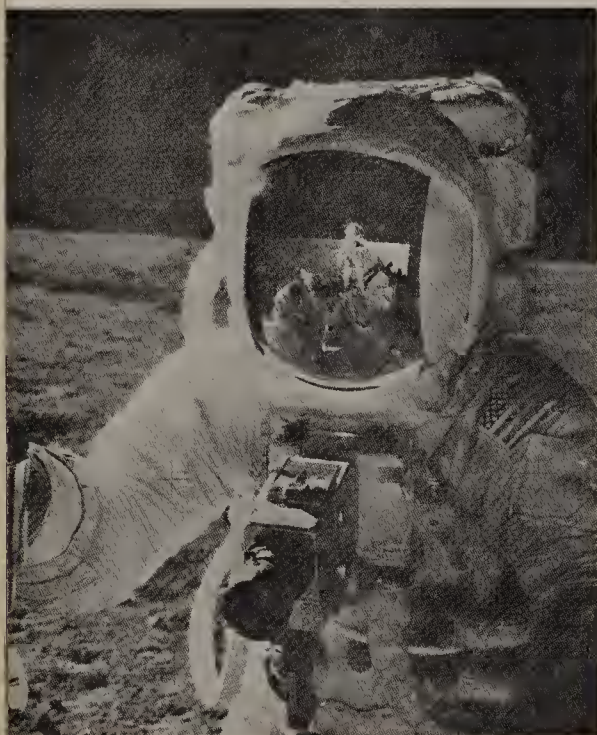

Tom Timonen

Beside the road he died,
Beside the road we buried him.
He loved the roar of his engine
and the wind singing past his ears.
Perfume to him was burnt gas
and castor oil.
The fast track, the mud track, the
hurdles and the bumps,
He'd take them all with determination
and wipe the grit from his face.
He loved his bike and his fellow
riders and you would see his
crouched body as he nudged into
second place.
He was only on loan to us earthlings
that crew cut scambler we knew.
The checkered flag will be waving
as he roars up to Heaven's door.

The Space Age and Other Happenings of the Past 4 Years

Our four years at Wachusett have seen a violent change in the activity of Americans. Every generation has taken a stand and found its heroes. In all the chaos of this time, there has been only one event that has stood alone: the landing of two men on the moon. It's the fulfillment of a dream for some people, and for the world, it might be the chance to release modern man from his hectic pace.

Dress Code Is Approved At Holden

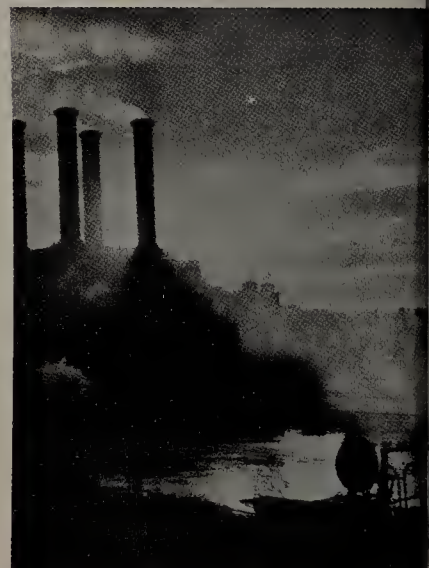

In the last four years, America has questioned peace, news, civil rights, martyrdom, cigarettes, war, passive protest, active protest, U.S., sex, and the silent majority. Americans have wondered how there can be moon rockets and starving children in the same world. They want to know when the boys-in-Canada will return home, or if there will ever be an election that isn't "a choice for the lesser of two evils."

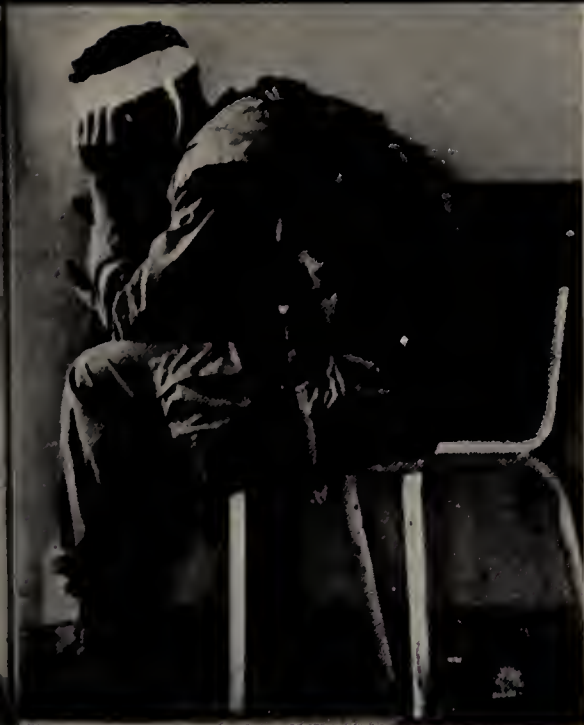

At Columbia and other universities, students went a step beyond questioning. They applied the technique of "takeover." It was sometimes effective and had the one positive result of putting life into college reform programs. Its one drawback was a monstrous anti-student reaction from the rest of the country. Better results were achieved at Brown University where a group of students studied the educational system there and produced a five-hundred page report pointing out flaws in the university structure and possible remedies. Recently Brown initiated a new experimental program of courses suggested by that report.

In 1863, negroes received their freedom, yet in the hundred years that followed, their own feeling of inferiority to white men still chained them. Then in the middle of the 1960s, a new movement, led by the late Dr. Martin L. King, denounced the concept of racial inferiority. "Black is beautiful" was its slogan.

Americans have ignored pollution and population explosion till recently, usually disbelieving them as "rumors" or mathematicians' tricks. However, after the July 1969 incident when the Cuyahoga River in Ohio caught fire, and especially after the condemning of Lake Erie's once sparkling liquid depths, we've finally realized how immediate these problems are.

War exists almost everywhere in the world today. In Vietnam. In the Middle East. In Czechoslovakia. In Biafra. The one certainty about today's wars, is that they cannot continue. Man's technological ability has reached the point where he can extinguish the human species on earth in minutes.

Hard as it is to believe, the underclassmen will someday be seniors; and if Wachusett is a zoo now, think what it will be then! But now is not the time to be criticizing our successors. With the possibility of double session next year, they'll need all the moral support they can get.

Mrs. Boyle bites the dust ... Who did it?

A cop arrives on skis to investigate suspects for the Waterville murder

... a policeman in disguise

The Mousetrap

The murderer tries for the third mouse and is caught in his own trap!

To hell with the pie!

Eight people. Stranded in the wilds of Maine. One of them is a murderer. A detective arrives, an investigation begins, and suddenly Mrs. Boyle is killed. Terror strikes Monkswell Lodge! Suspicion and fear rule the guests' thoughts and actions. The murderer's plan is to kill Three Blind Mice—his supposed enemies. He has already killed two mice on his menu, and tries for the third, only to be foiled.

Who was it?—The Butler? NO! The Detective!

Football

The 1969-70 Football team finished with the best record in the history of Wachusett—seven wins, two losses. After a slow start—one game lost to Algonquin in the last second of play—Wachusett's luck turned. Later in a battle against Burncoat, the team played what was perhaps the greatest game in Wachusett football history. The climax of the season came on Thanksgiving Day with the Mountaineers versus Tantasqua, when hundreds of residents of the five towns turned out to cheer Wachusett to an overdue victory.

Field Hockey

This year's field hockey team had a great season. For the second consecutive year, it was undefeated, with only two goals scored against it. Also, it participated in the Worcester County Field Hockey Day, in which it won all three games played and was the highest scoring team. The girls merit all the honors that their skill and sportsmanship have brought to them and their school.

The basketball team this season for the first time in Wachusett history won the Clark Tournament. During its regular season, the team finished with only 3 losses. 1969-70 was definitely a great year for Wachusett basketball. In addition, Wachusett scored second place in League play behind Leominster. At the time of this publication, the basketball team was in preparation to compete in the District III Competition.

The hockey team ended regular play this year with 17 wins and 3 losses, the finest season in the history of the school. While achieving this fine record, the team won in the Central Massachusetts Hockey League, also a first for Wachusett. Four of our players were chosen outstanding: Bruce Anderson as the Most Valuable Player, Rick Gliesman as High Scorer, and Doug MacDougall and Paul Konkol as two other All Stars. At the time of this publication, the hockey team had yet to play in the States' Competition.

B.A.A. Meet, Boston—the team failed to score but set 5 new school records.

State Trials, Harvard U.—Wach. qualified 6 men in 7 events.

State Finals, Boston—Wach. tied for 4th in Class B Championships.

Winter Track

The Winter Track Team finished the finest season in the history of Wachusett Regional. It completed its first undefeated season and won the Conference Championship Meet. 1969-70 was its second year of competition in the North Central Mass. Suburban League. This year, Wachusett had the advantage of an exceptionally strong team; even second and third men scored points, accounting for the tremendous gap between points scored for and against Wachusett (464 to 152 total!). Wachusett averaged a fantastic 58 points out of a possible 77 in each meet, and held Marlboro to a new record low score of 72-5. For the coming year, too, we have great hopes. It is clear that we have begun a Golden Age in Wachusett Sports.

VARSITY TEAM: Front: P. Szyk, Captain. Back Row: L. McKay, Manager, J. Harvey, N. Bernier, M. Pratt, D. Cassidy, W. Cronk, M. Temple, J. Patten, E. Nowicki. Coach: Miss Baxter.

Girls' Varsity Basketball had a good season in 1969-70, finishing with a 5-4 record. Hopes for next year exceed even this record due to the large percentage of experienced juniors who will lead the team. Most of all, we can expect the Girls' Basketball team to join the ranks of Win-Chusett sports in the coming season!

... as always if you are killed or captured, the administration will disavow any knowledge of your existence.

It's ... superstudent!

Jose Feliciano, eat your heart out.

I shouldn't have left my instruction book at home.

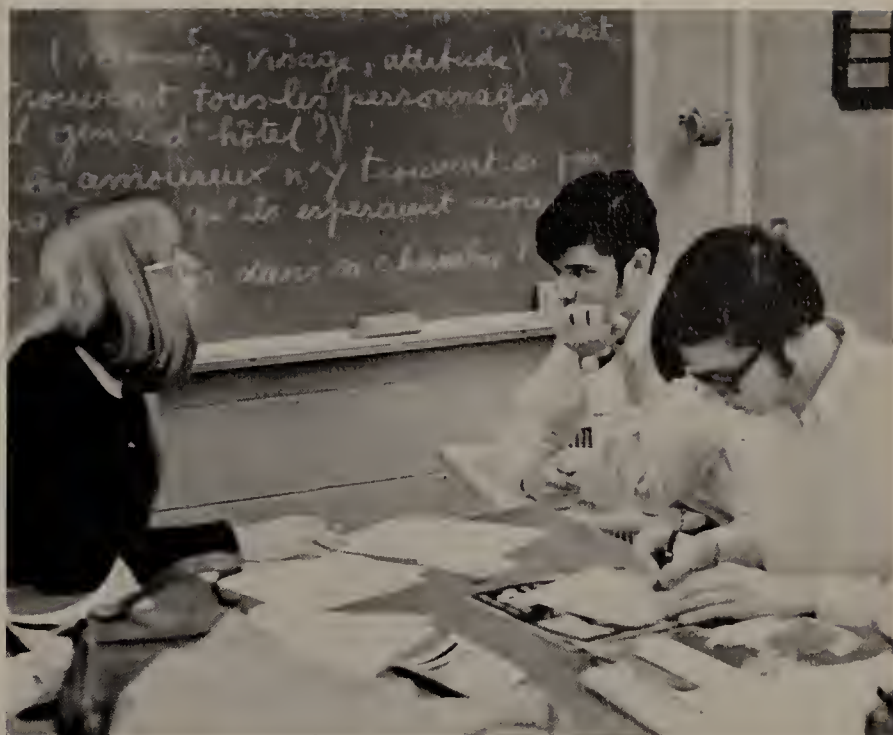

5.97 an hour for this ... and for six I'll take my foot out!

Mr. Genereux will be so proud of me!

What do you mean pick up my garbage?

Keep your mind on your studies, Mark.

I'm in the mood for love.

Your deal . . .

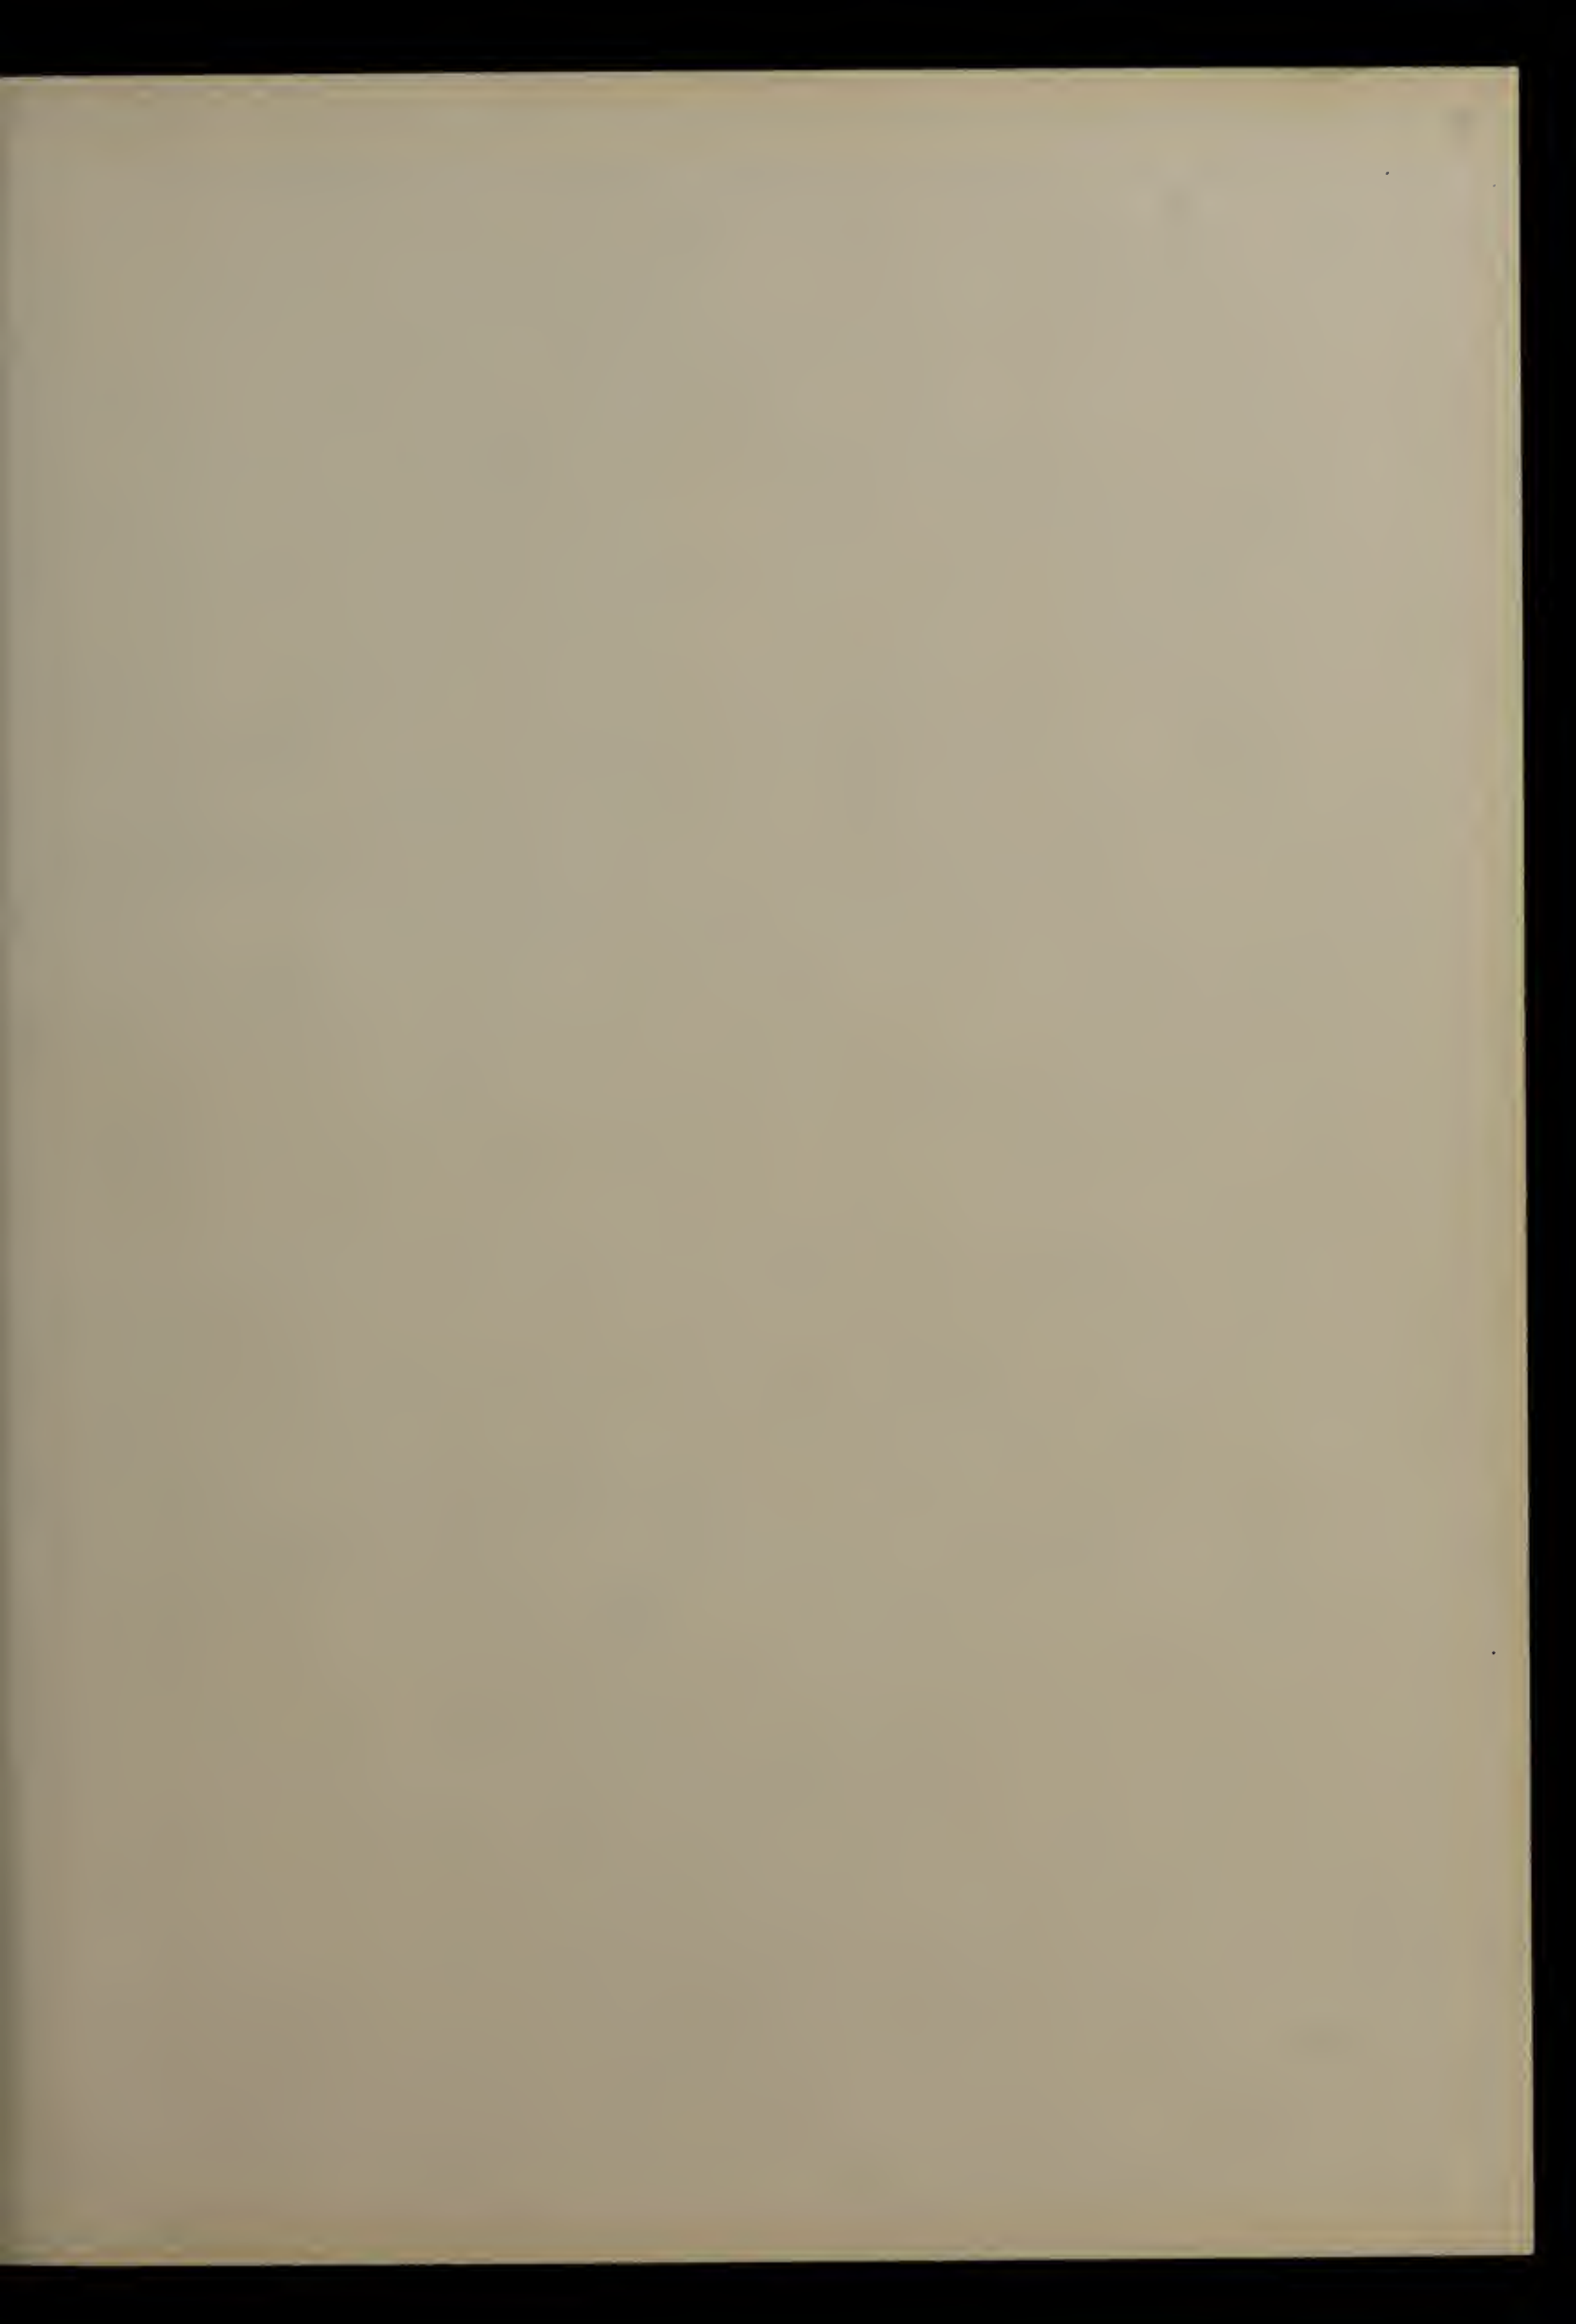

Peace freak!!!
